

EXIGO 20

***Well
equipped
in standard
version***

The Exigo 20 is a very well equipped cross frame wheelchair.

Its intuitive and simple adjustments, superb sitting comfort and high quality ensure that Exigo 20 satisfies requirements for both ease of maintenance and re-use.

Most of the wide range of accessories available are compatible with the rest of Handicare's wheelchair range.

Stability

A stable frame is important to achieve good rolling characteristics, both when turning and when rolling forwards.

The unique frame construction ensures maximum stability.

Transfer

Easy transfer is a key factor for a successful wheelchair. The Exigo is equipped with flip-up, detachable armrests as well as leg supports which can be swung out and removed.

User stability and comfortable seating

Achieving the correct knee angle is an important factor in keeping the user stable and comfortably seated. Therefore, the leg support hanger is adjustable to 70, 80 and 90 degrees.

Individual fittings

In order to meet the needs of each user the Exigo 20 can be adjusted in numerous ways in its standard configuration, and a wide range of accessories is also available.
