

## CANEO\_200

Lightweight folding wheelchair  
for heavy loads

The heavy-duty CANEO\_200 model was specially designed for the obese yet is light and foldable. The low seat height permits the use of seat cushions and the side panels are extended forwards to provide support when sitting. The advanced forward and outward position of the front wheels ensures significantly greater stability as well as adequate foot room for "walking".

Up to 200 kg

- Tipping stability up to 10°
- Back angle 3°, seat angle 3°
- Seat height 44 and 47 cm adjustable
- Seat depth 40 and 44 cm adjustable
- Adjustable back (Velcro®)
- Swing-away reinforced tubular steel side panels coupled with the side frame
- Advanced forward and outward position of the front wheels crossbar
- Reinforced rear wheel linkage
- Lower leg length adjustable in 15 mm increments from 42 to 51 cm
- Swing-away/detachable leg supports
- Aluminium foot rest
- Locking brake / drum brake
- Rear wheel 24" heavy loads, PU incl. quick-release axle
- Front wheel 7", PU
- Reinforced covers made of high-quality plastic
